## SUNDAY MORNING SERVICES AT THE METHODIST CHURCH

At the Methodist church Sunday morning 236 were present, and a special collection taken of \$23.22. All who will help in taking the Sunday school census of the city next Saturday are requested to meet with Mr. Stephens, at the Methodist church on Tuesday afternoon at 4 o'clock.

Dr. Gross preached a powerful sermon on the philosophy of the glory and the benefit of the worship of God. This text was 1 Chronicles, 16-29, "Give unto the Lord the glory due unto his name: bring an offering, and come before him: worship the Lord in the beauty of holiness." These were words of Thanksgiving by David on bringing the ark back to Jerusalem.

A brief history of the ark was given. The ark was regarded as a sacred thing and was prizes highly because it was a type of God's presence. God had made certain laws regarding the ark and those who did not comply with these demands received the penalties for not so doing. The Bible is now the ark of God. Thousands of homes are blessed because the ark of God—the Bible—rests there and is duly honored. David felt that Israel was lacking in the spirit of worship, hence his desire to bring the ark back to Jerusalem. On its return in a song of thanksgiving he said, "Give unto the Lord the glory due unto his name. Worship the Lord in the beauty of holiness."

There is no more important question than the worship of God. Spiritual worship is what the world needs today. If the world were worshipping in spirit and in truth there would be no world-wide war. Germany is now paying, and every nation will pay, the debt of irreverence to God. We are now at the brink of the river of destruction. Forgetting God, doing away with the divinity of Christ, talking irreverently of God's word, brings damnation on a nation as well as upon the man.

The worship of God is the most dignified service man can perform; but how many have felt their service below the dignity of the faculties God gave them. Worship God in the beauty of holiness. The worship or service of God gives man the cleanest conscience. No being ought to be satisfied with less than doing his best.

The worship of God is the only thing in this world that gives ample opportunity for development of the human soul. God wants us to have more than a finger-tip grasp. The soul has to develop—has to outlook and reach after the souls of men.

The worship of God is the most exalted service. Love of the world—sin—is degrading. Service of God exalts man's love. "Set your affections on things above;" one's thoughts and anticipations are exalted in loving God. The worship of God is the most philanthropic service in this world. God grant that everybody may participate and render that glory to the great God.

At the conclusion of the service there were four accessions to the church.

## W. C. T. U. CONVENTION WAS A GREAT EVENT

The State W. C. T. U. entered Lakeland last week 'neath a brilliantly lit arch of "Welcome." The Boy Scouts escorted us to the "army," where a "Welcome Tea" awaited us. There was the invocation by Rev. L. D. Lowe and music by school orchestra. Mayor John F. Cox in his greeting assured us that in these days of conservation, wheatless days, etc., we would not find Lakeland a "foodless" town. Greetings came from the church, the chamber of commerce, school, Loyal Temperance Legion and local W. C. T. U. Great tributes were made to the women who had done so much toward "Willardizing" the nation. A large white bow, resplendent with small electric lights was the gift of Coconut Grove W. C. T. U.

Miss Minnie E. Neal's address was a most excellent one on Wednesday morning. A long distance greeting came from Miss Anna A. Gordon at Evanston, Ind., Iss. 5:4-10; Eph. 2:7. Dr. Caroline Geisel, who is ill in Jacksonville, also sent a message. The news of New Mexico "dry" was given. The white ribbon salute, Florida having contributed to their campaign. Prohibition states now number 27. There was a splendid response to roll call. Committees were appointed and district superintendents were each allowed five minutes for reports. Beautiful bouquets were presented by different members to Miss Neal, who accepted them in her most beautiful womanly way. Mr. W. B. Hobbs of Miami, who assisted so nobly in placing West Palm Beach on the dry map, was introduced.

Reports from the different departments were given, which included many valuable suggestions, much wit and originality. The work of the children and young people was much stressed and a young people's branch was organized at Lakeland during the convention. Subscribers were obtained to the Union Signal, beautiful solos, songs, quartets, instrumental music and attractive features were dispensed through the program. There was a half hour given to mothers and the babies, the latter being recognized as white ribbons as well, when Miss Neal tied the white ribbon upon them. Press work and the importance of advertising was stressed. Mrs. Mabel Stevens' addresses were most forceful and listened to with the utmost interest and profit. The memorial service was most impressive.

"Tried plans" from various unions was a fine feature. Miss Minnie E. Neal was again chosen president and presented with a purse from the unions. Resolutions were beautifully framed for the Lakeland union which was so generous in entertaining the State W. C. T. U. The diamond medal contest was the crowning feature of the convention, a small boy from Taft being the fortunate winner.

Tallahassee and Lake City invited the next conference. The decorations were beautiful in bunting, flowers, greens and Miss Willard's portrait, the white ribbon floating over all.

Mrs. E. E. Packham of Ocala gave a talk on "Purity and Art." Mrs. T. E. Bridges was introduced as the author of a beautiful poem and was appointed on Soldiers' and sailors' committee.

The Ocala L. T. L., under Mrs. G. W. Martin, won the state banner. The Ocala union pledged \$25 on state work, the entire pledge being \$3000, which more than doubles the usual amount. There were 150 delegates and many visitors and the convention was pronounced the best of any previous year. A number of former Ocalans took a prominent part on the program. Greater plans and more enthusiasm will be needed for the coming year when the State W. C. T. U. proposed to put "Florida dry." Give them your able support. Join the Ocala union and add your bit with the great purpose in view.

An Ocala Delegate.

## Proposed Charter and Articles of Incorporation of Marion Products Company

We, the undersigned, hereby associate ourselves together for the purpose of becoming incorporated under the laws of the state of Florida, applications for profit, and do hereby adopt the following articles of incorporation:

## ARTICLE I. Name

The name of this corporation shall be MARION PRODUCTS COMPANY, and its principal place of business shall be at Ocala, Marion county, Florida; provided, however, the board of directors may establish other branch places of business or offices at such other points within the state of Florida, or elsewhere, as they may determine to be necessary and proper for the conduct of the business of said company.

## ARTICLE II. Business

The general nature of the business or businesses to be transacted by this corporation shall be as follows: To grow, buy, sell and otherwise deal in all kinds of farm products; to extract, manufacture and sell oil from peanuts, soy beans, castor oil beans, cotton seed or any other vegetable or nut; to manufacture and sell peanut butter and other by-products from peanuts, soy beans, castor oil beans, cotton seed or other farm products; to can and pack vegetables, fruits, meats and other farm products; to raise all farm products and live stock; to manufacture all kinds of packages or containers for canning, packing or shipping the manufactured products of this company or other farm products either in manufactured or natural state; to own, manage, lease, rent or operate a farm or farms; to acquire, hold, improve, mortgage or convey any and all kinds of real or personal property necessary for and convenient in the transaction of the business of this company, or which the purposes of this corporation may require, or which it shall acquire in satisfaction or partial satisfaction of debts due the corporation, or in other debts due the corporation, and generally to have and exercise any and all powers as may be incident to the several businesses of the corporation not inconsistent with the laws of the state of Florida.

## ARTICLE III. Capital Stock

The amount of capital stock authorized is Twenty-five Thousand (\$25,000) Dollars, to be divided into Two Hundred and Fifty (250) shares, each of the par value of One Hundred Dollars, payable in cash or in property, labor or service at a just valuation agreed to be fixed by the board of directors. All stock to be paid for in full before delivery, and non-assessable.

## ARTICLE IV. Term

The term for which this corporation shall exist is ninety-nine years.

## ARTICLE V. Officers

The business of this corporation shall be conducted by the following officers, to-wit: a president, a vice president, a secretary and a treasurer, and a board of directors of not less than three or more than seven members; the same person shall be eligible to hold the offices of secretary and treasurer. The board of directors shall be elected by the stockholders at each annual meeting, and all of the other officers of the corporation shall be elected annually by the board of directors. The annual meetings of this corporation shall be held on the first Tuesday in January of each year unless said date or time of meeting shall be changed by the by-laws. The following named officers are to conduct the business of this corporation until they are elected at the first annual meeting: A. A. Winer, president; D. S. Welch, vice president; J. J. Gerig, treasurer; W. T. Gary, secretary; and A. A. Winer, E. A. Osborne, J. M. Meffert and W. T. Gary, directors.

## ARTICLE VI. Indebtedness

The highest amount of indebtedness or liability for which this corporation can at any time subject itself is Fifty Thousand (\$50,000) Dollars.

The roof is the last to go on your building; but the selection of an efficient and economical roof is of first importance. If you will use

## Certain-teed Roofing

on your building you will get the most efficient roof, and will cut down the cost of the roof materially.

CERTAIN-TEED Roofing is economical to buy, inexpensive to lay, and it costs practically nothing to maintain. It is weathertight, fire retardant, clean, sanitary, and gives the utmost roofing service over a period of years. CERTAIN-TEED is guaranteed for 5, 10 or 15 years according to thickness (1, 2 or 3 ply).

The quality and merit of CERTAIN-TEED have made it the preferable type of roofing for office buildings, hotels, factories, stores, warehouses, garages, farm buildings, etc. If you are building it will be to your interest to investigate CERTAIN-TEED.

There are many roll roofings, but only one CERTAIN-TEED. As it costs no more to lay a CERTAIN-TEED Roof than it does to lay a poor roof, it will pay to get the best, and save on renewals and upkeep. You can't tell the quality of roll roofing by its appearance, or by feeling of it; your only safety is in the label. Be sure it is CERTAIN-TEED.

**Certain-teed Slate-Surfaced Asphalt Shingles** are supplanting wood and slate shingles for residences. They cost less, are just as good looking, wear better, won't fall off, buck or curl. They are fire retardant, and do not have to be painted or stained.

**Certain-teed Paints and Varnishes** are made of the best quality materials and mixed by modern machinery to insure uniformity. Made for all uses and in all colors and sizes. Any dealer can get them for you. With paint and varnish, as with roofing, the name CERTAIN-TEED is a guarantee of quality and satisfaction.
